MEMORANDUM FOR: Deputy Director for Science & Technology

ATTENTION : [REDACTED] 25X1A

SUBJECT : Briefing of the Deputy Director for Science  
& Technology by the [REDACTED] 25X1C  
in Washington

25X1C

25X1C 1. On 1 April 1970 [REDACTED] arrived in Washington

25X1C the local [REDACTED] representative. [REDACTED] is a graduate aeronautical 25X1C  
engineer and specializes in weapons technology. Until his recent assignment  
here he was a senior analyst [REDACTED] 25X1C

25X1C [REDACTED] The attached biographic summary contains further 25X1C  
information on his background.

25X1C 2. In discussing [REDACTED] assignment to Washington  
with representatives of the [REDACTED] Branch, [REDACTED] 25X1C

25X1C [REDACTED] commented on recent organizational changes in the  
25X1C [REDACTED] S&T component and explained that these were accompanied by  
25X1C significant personnel changes and changes in collection methods. The  
25X1C implication was that [REDACTED] capabilities in the S&T field had been  
enhanced as a result of these changes. Accordingly, [REDACTED] offered 25X1C  
a briefing for the DDS&T [REDACTED] on current [REDACTED]  
and capabilities for production of S&T intelligence. 25X1C 25X1C 25X1C

25X1C 3. Although not specifically mentioned by [REDACTED]  
25X1C it is clear that they intended the proposed briefing to serve as an occasion  
25X1C for introducing [REDACTED] to the DDS&T component of the Agency,  
25X1C which, in turn, would help to open the way for more [REDACTED] 25X1C  
the S&T field. [REDACTED] is quite aware of the restrictions which this Agency  
25X1C imposes [REDACTED] certain areas of DDS&T interest, and probably does  
25X1C not expect any significant modification of Agency policy in that respect. On  
the other hand, [REDACTED] presumably hopes that by having a knowledgeable

25X1C and experienced S&T analyst [REDACTED] on the local scene, it may succeed in achieving at least a [REDACTED] break- 25X1C through in his field of specialty. However, the briefing for the DDS&T was offered without strings attached and acceptance of the offer will not imply a commitment for expansion of [REDACTED] 25X1C [REDACTED] in the S&T field.

25X1C 4. Please advise us if you wish to accept the offer of the briefing [REDACTED]

25X1C As you will note, the request was initiated  
by [REDACTED] and no action is required  
by DDS&T except to listen. Probably [REDACTED] 25X1C  
will make a pitch for greater collaboration with  
the DDS&T. Policy in the past has been, as you  
know, to discourage frequent meetings with the  
25X1C [REDACTED] I assume this will continue unless  
DDS&T attendees feel that [REDACTED] has something 25X1C  
to offer.
